HEALTH

is the Most Important

In buying food-products, several things are to be thought of-i. e., Economy, Results, Easy Handling, Reliability, but the most important is Health.

Health means everything. In buying clothes, shoes, hats, furniture, etc., if the buyer is deceived and gets an imitation the only harm is loss of money. In buying food-products, if imitations are supplied, there is not only a loss of money, but perhaps an injury to health—which is beyond price.

Remember these facts when buying baking powder.

GEN. BALDWIN

iliaries of the old time mining camp At Fort Whipple Last Night.

> and Expresses Himself Well Pleased With the Post.

Fort Whipple was the scene of brilliant military reception last night, the occasion being in honor of Gen eral and Mrs. (Baldwin. The general and his estimable wife have been spending several days at Whipple the former being on his regular tour of inspetcion of the military posts of this territory.

Yesterday he completed his work with a review of the troops and expressed himself as well pleased with everything he saw. He informed the Journal-Miner that work on the new buildings was being carried along very satisfactory, and while things are naturally more or less torn up in the work of construction, yet the work was being well done and everything considered the post is in splendid condition. He said that the post, when completed would be one of the best in his department and would be

a credit to any place. Yesterday morning Capt. Holbrook, the commanding officer at the post, returned from his trip of inspection of the several companies of the national guard and General and Mrs. Baldwin and Captain and Mrs. Holbrook, assisted by the ladies of the post, received, at the residence of Mr. and Mrs. Holbrook. A great many people from Prescott called during the evening. Delightful refreshments were served and several musical selections were rendered, among them

being a solo by Miss Gale. This morning General and Mrs. Baldwin accompanied by Lieut. Drum, left for the north en route to Denver. They will stop off at Fort Wingate to insepct that post.

The general and his wife are very much in love with Prescott and our people have a feeling of the warmest friendship for them and they can al ways be assured of a hearty welcome to this city.

Lean Was Popular.

The American Graphaphone company, of which the Columbia Phonograph Company is the sole sales agent, recently offered to its stockholders \$500,000 of six per cent coupon notes running from one to five years. The offer was not only subscribed for in full, but substantially over-subscribed. If anything were needed to demonstrate the faith of the stockholders in the integrity of the management of the business, the avidity with which these notes have been taken would be

quite sufficient. The business has increased so tre mendously of late, that more capital was needed, despite the fact that the earnings of the company are largely in excess of one half million dollars per annum, with a prospect of their reaching the one million mark in the **メモモモモモモモニューションションションションショント** course of another year or two. In the meantime, the number of sales depôts is increasing every month and the plant at Bridgeport is being extended by additional construction and new machinery added as rapidly as space

can be provided for it. Doings of the Board.

During the present session of the board of Supervisors Superintendent Postal Tel. Cable Co., telegrams of Schools Jolly presented a report as follows: General fund, \$12,993,09 building fund, \$230.22; bond and in-terest fund, \$2350; high school, \$290. Claim of same officer for salary and office expenses \$380.50, allowed. Sheriff Roberts presented his report

of licenses collected during first quar-ter of 1904, amounting to \$7917; the same was checked and approved. Master M. Marsh, at Phenix, had been instantly killed this morning between checked and showed the collected and B. M. Crawford, justice of peace at Bibgug, and B. L. Holmes, justice of peace at Ash Fork, resigned; accept-

Musical Section.

The musical section of the Monday club met yesterday afternoon. There was a good attendance and a very interesting meeting. The opera Bohemian Girl, by Balfe, was the subject of the day. The leaders were Mrs. J. C. Herndon and Miss Olive Fisher but on account of the absence of Mrs. Herndon the leadership devolved upon Miss Fisher alone.

The program consisted of an over ture by Miss Helen Burmister. Vocal selection, "I Dreamt That I Dwelt in Marble Halls," Miss Mar-

gherite Gale. Instrumental selection, "Gipsy March," Miss Mary Wright. Vocal selection, "Then You'll Re-"Life of Balfe," a paper by Mrs.

CHRONIC SORES

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking

place makes you irritable, despondent and desperate, A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and im-

pair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character Often an inherited taint breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished-the

polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over

and the place heals over. S. S. is both a blood purifier and touic that puts your blood in order and at the same time tones up the system and builds up the general health.

If you have a chronic sore write us. No charge for medical advice.
